

St. Mark's Geography intent

As geographers, our pupils will hone their knowledge of place and location as they develop a curiosity and fascination about the world and its people. Our children will understand the world's most significant human and physical features while understanding how people interact with and impact the natural world. They will strike links between the growth of settlements through industrial progress and growth of society and settlements, enabling them to become stewards of the future and environmentally-minded global citizens. They will discover how landscapes and environments, both rural and urban, have changed over time and the impact of these changes.
